

EUROPEAN BEST PERFORMANCES

NONSTADIA - ROAD RUN AND ROAD WALK 2009

compiled by Ivar Söderlind, statistician of EVAA (10.07.2009)

In 2009, up to July 10, it has been set up 8 new European Best Performance (3 World Best) in Nonstadia events. In the European Veteran Athletic Championship Non Stadia (EVACNS) May 30-31 in Aarhus, DEN it was set up 3 European Best and 1 World Best. Emma Lütti, SUI in W65 improved two European Best: 10 km Road Run (42.07) and Half Marathon 1.32.56. The result in Half Marathon is also World Best. Albert Stricker, SUI brought the European Best in M85 (58.01).

In this new Best List I also have noted 29 modified European Best Performances (11 World Best) with results from 2008 and earlier years.

I have had very good assistance with the Road Run Records from Ken Young, USA, member of the Association of Road Racing Statisticians (ARRS) and with the Road Walk Records from Birger Fält, Sweden, member of ARRS and coordinator of the Race Walking Group. I have also found many results in "All Time World Rankings - Master Athletics" which I have checked with Ken and Birger. (<http://www.mastersathletics.net/All-Time-Rankings-Track-and-Field-Master.365.0.html>)

IAAF has decided that Official Records shall be noted for Road Run and Road Walk. As it often is uncertain when and in which way official measurement of road distances is realized, especially in former Road Competitions, we continue with Best Performance in this European List. The problem of correct measurement is difficult especially in 10 km Road Run and in the Road Walk distances. We will discuss this matter more in WMA and EVAA. The competitions are 10 km run (road), Half Marathon, Marathon and Road Walk 10 km, 20 Km and 30 km (distances in European Championships). When two or more results are noted in one age group and event I the first noted result is the best performance.

I ask you to check the list given below and make it more complete. Please alter or complete in the list and send it to me as soon as possible. You must report all new Best Performances by a Record Application (preferably EVAA:s or WMA:s Record Application)!!

Welcome to the Official EVAA Web Site: www.evaa.ch

WB = World Best

*** = modified or new Best Performance in 2009**

a = the road distance is not reliably measured
b = the road distance is a point-to-point course
c = the road distance is downhill
d = wrong intermediate time

10 km road run
