

EUROPEAN VETERAN OUTDOORS RECORDS 2011

compiled by Ivar Söderlind, statistician of EVAA (01.11.2011)

In 2011, up to November 1, I have registered 48 new or modified European Records and 31 also are World Records.

In the European Masters Games (EMG) in Italy September 10-20 I found 5 European Records and all 5 also are World Records.

In the WMA Championship Outdoors in Sacramento, USA July 5-17 I have noted 6 European Records and 3 of these records are World Records.

And in the European Veteran Athletic Championship Indoors (EVACI) in Gent, BEL March 16-20 2011 I found 3 World Records outdoors: in discus W75, Weight Throw M80 and Hammer W80.

In 2010 I changed in the Record Lists because of new equipments, weights, hurdles distances etc. from May 1 2010. WMA's decided changes in the rules for veterans were then implemented. In K70+ and M80+, 300m hurdles have been replaced by 200 m hurdles (hurdle height 68.6 cm). In the European Record Lists we will present both old records (in 300m hurdles) and the new records (in 200m hurdles). In K75+ the weight in Shot Put and Hammer dropped from 3.0 kg to 2.0 kg and in weight throw it dropped from 5.45 to 4.0 kg. The old records in these throw events will be left up until it is better results with the new weights.

In M60-M65, we have (since 2009) new hurdles distance of 60m hurdles indoor and 100m hurdles outdoor (12.00 meters from the start to the first hurdle and 16.00 meters from the last hurdles to the goal.)

Observe that IAAF:s rules concerning the winds in Multievent competitions were changed in the congress at the World Championships in Berlin 2009 and the 4.0 m/s limit is not valid anymore! The only rule is the average of 2.0 m/s taken over all wind measured events.

From May 1 2010 we also have new age factors for scoring of Combined Events (Throw Pentathlon, Pentathlon, Heptathlon and Decathlon). My statistician colleagues Ove Edlund, Sweden and Bernd Rehpenning, Germany, has updated combined events. Observe that it is absolutely necessary to register all results and scores for the separate events in combined events. It is especially important now when the new Age Factors are introduced.

I also have had very good assistance with the Running from Ken Young, USA, member of the Association of Road Racing Statisticians (ARRS), and with the Road Walk Records from Birger Fält, Sweden, member of ARRS and coordinator of the Race Walking Group. I have also found many results in "All Time World Rankings - Master Athletics" which I have checked with Ken and Birger.

(<http://www.mastersathletics.net/All-Time-Rankings-Track-and-Field-Master.365.0.html>)

When two or more results are noted in one age group and event the first noted result is the official record if it is missing some tasks for the second result. Only results with all tasks reported (Birth Date, Date and Place for the Competition etc) are approved as official records. For 100m, 200m, the short hurdle distances, long jump and triple jump outdoors only results reached with up to 2.0 m/sec are accepted (wind-gauge is definitely necessary)!

I have noted if the European Records are Official World Records or better than the Official World Records. Notice that EVAA has decided that only events which are in the program for European Championships will be in the Record List (with exception of 3000m). In 1999 and 2000 we have new javelins in many age groups. In the Record lists I present the records with the new javelin and also the old records with the old javelin if they are better than the new ones. In 2000 we also had new hurdle height 68.6 cm for short and long hurdles in the oldest age groups. The old records with hurdle height 76.2 cm will be left up until it is better results with the lower hurdles (and the same distances between the hurdles). In some Champion Ships wind gauge has been used but in the official result lists it was only noted if the wind was correct or not. (c = correct wind; up to 2.0 m/sec).

***New or modified Records in 2011**

a) Not yet officially approved record, some data is missing
